

RURAL FIRE MARSHALL DEPARTMENT

Department Overview

The Fire Marshall coordinates the control of wild land fires that originate on land not contained in a fire district, fire service area, national forest or grazing lands, or city fire department areas. The Fire Marshall also represents the County during incidents involving mutual aid between departments and is the Commission liaison with fire departments. In FY 09 the county continues its designation of Brett Waters, Central Valley Fire District Fire Chief as the County's Fire Marshal.

The most significant portion of this budget is the inclusion of \$25,000 in contracted services for county payment to local fire companies called out on wild land fires and personnel costs for daily business time devoted to County Fire.

The County Fire Marshal coordinates responses to wild land fire events with the 13 fire districts, 4 fire service areas as well as the City's within Gallatin County and state and federal agencies. The Marshal may act as incident commander until superceded by state or federal jurisdiction.

Department Goals
